KEYLESS ENTRY SYSTEMS FOR SMARTER HOMES

## 5155

The keyless digital door locking system

FINGERPRINT

KEYPAD

BLUETOOTH

SWIPE CARD

KEY

Never get locked out again! The 5155 door locking system is streets ahead in functionality. With its advanced biometric identification technology and the Swedish FPC fingerprint sensor, you'll have trouble-free access for years to come.

### ULTIMATE IN CONVENIENCE

With so many of entry options you are spoilt for choice! Add the Internet of things (IoT) and you can control access to your home from anywhere that you have Internet access.
